Sailors of Catan

by Ian Vachuska

GUI

Play - hides the control panel on the right side.
Back - displays the previous board to the frame.
New - adds a new board to the frame.
Small - disables the 5-6 player extension for new boards.
Large - enables the 5-6 player extension for new boards.

Standard - the Standard board with no expansions.
Seafarers - the standard Seafarers board.
Fog Island - the Fog Island board from the Seafarers expansion.

Debug - Enables the debug mode for the board's display. (hotkey 'd')
Random - When checked the any new board created in **Random** mode (hotkey 'r')

When a board is created in **Random** mode. All hexes are placed face up, and all board pieces are initialized randomly. This has minimal effect on standard boards.

Hex:

Reshuffle Resources

Reshuffle Numbers

Reshuffle Both

Reshuffle Unflipped

Reshuffle Resources - reshuffles only the hexes' resources.
Reshuffle Numbers - reshuffles only the hexes' number tokens.
Reshuffle Both - reshuffles the hexes' resources and number tokens.
Reshuffle Unflipped - reshuffles the face down hexes' resources and number tokens.

Port Reshuffling Panel

Port:

Reshuffle

Replace

Fix

Show

Reshuffle - reshuffles the port's resources.
Replace - reshuffles the location of the ports.
Fix - resets the ports. This is useful when manually editing the board and a port is left floating in the ocean.
Show/Hide - shows/hides the port's type.

Tile Swapping:

The hex, port, and number tiles are all selectable. Tiles of the same type can be swapped with each other by selecting the two tiles you would like to swap. Selecting a tile twice will deselect the tile. If the selected tile is a desert/ocean hex selecting it twice will swap the desert with ocean (or ocean with desert). Ports can be swapped with one another, or be moved to any coastal location
Hex selection   Swap hexes
Token selection   Swap tokens
Port selection   Swap ports

Possible port locations   Move port
Board #1

Board Type: *Standard*   Board Size: *Small (3-4)*
Board #2

Board Type: **Standard**   Board Size: **Large** *(5-6)*
